"You never get a second chance to make a first impression"

We help you make the best impression the first time. We offer a wide range of high-quality apparel that fits your every need from the boardroom to the factory floor. Whether it is customised polos for a sales team meet, a comprehensive uniform program for a major corporation or anything in between, we are here in every step of the way from concept development, designing and to delivery.

Company uniform provides increased security, employee confidence and teamwork, as well as the assurance that customers will easily identify your employees.

We understand how critical it is to make your job easier and build your company brand. So we're always on the lookout for new, innovative ways to keep you and your customers happy. The difference is in the details, and we never stop looking for ways to make our apparel fit your life.

The Easy 5 Steps

- Step 1: Concept
Tell us your campaign theme, corporate standing, event details, budget and when and how much you need it.
- Step 2: Design
Based on the concept we suggest fabrics, designs and colors.
- Step 3: Prototyping
On finalizing the design, we present you with a prototype so you know before what you are going to get. This is an optional step.
- Step 4: Production
The production begins once you approve the prototype. Our delivery lead times range from one day to 4 weeks. Our quality team ensures that your requirements are met at every step of the process. This includes performance testing to ensure durability.
- Step 5: Delivery
We deliver to your door. Our shipments are packed in ways to make your distribution easiest. We also deliver to every individual if needed.

Customer First

We fully understand our customers and deliver brands, products, services and technologies that best meet their needs. We offer a commitment to our customers' total satisfaction.

Best Fit

Quality engineering, regular fit sessions and ongoing customer contact allows us to continually evaluate our products and ensure the right fit. Zeus's Brand value underlines that.
